JUNIOR BLIND OF AMERICA GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Junior Blind of America Group Home in April 2011, at which time they had one 40-bed site and six DCFS placed children.

Junior Blind of America Group Home (GH) is located in the 2nd Supervisorial District. The GH provides services to Los Angeles County Department of Children and Family Services' (DCFS) foster youth. According to the GH's program statement, its stated purpose is "to provide services to court dependent, seriously emotionally disturbed, visually impaired, culturally diverse, and multi-disabled children." America Group Home is licensed to serve a capacity of 40 children, ages 6 through 17.

For the purpose of this review, four placed children were interviewed and their case files were reviewed. The placed children's overall average length of placement was 26 months, and the average age was 15. Three staff files were reviewed for compliance with Title 22 regulations and contract requirements.

There were four children on psychotropic medication. We reviewed their case files to assess timeliness of psychotropic medication authorizations and to confirm that documentation of psychiatric monitoring was maintained as required.

SCOPE OF REVIEW

The purpose of this review was to assess Junior Blind of America Group Home's compliance with the contract and State regulations. The visit included a review of Junior Blind of America Group Home's program statement, administrative internal policies and procedures, four children's case files, and a random sampling of personnel files. A visit was made to the site to assess the quality of care and supervision provided to the children and we conducted interviews with children to assess the care and services they were receiving.

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

SUMMARY

Generally, Junior Blind of America Group Home was providing good quality care to DCFS' placed children, and the services were provided as outlined in their program statement. The children's case files and personnel files were well organized and professionally maintained. The site was clean and professionally landscaped. All four children interviewed said they felt safe.

The review revealed that Junior Blind of America needed to ensure all Special Incident Reports (SIRs) were appropriately documented and cross-reported timely, and develop comprehensive initial and updated Needs and Services Plans (NSPs). In addition, Junior Blind of America needed to appropriately document monthly contact with DCFS Children's Social Workers (CSW) and the GH needed to ensure all staff received timely CPR training.

The Administrator and her staff were accessible and cooperative. Junior Blind of America was receptive to implementing some systemic changes to improve compliance with regulations and the Foster Care Agreement.

NOTABLE FINDINGS

- One of the Special Incident Reports (SIRs) reviewed was not appropriately documented and cross-reported timely.
- Of the four initial NSPs reviewed, two were not comprehensive. Of the 15 updated NSPs reviewed, none were comprehensive or met all the required elements in accordance with the NSP template.
- The Group Home did not document their monthly contacts with the DCFS CSWs on the NSP.
- The CPR training for two staff was expired.

JUNIOR BLIND OF AMERICA GROUP HOME PROGRAM CONTRACT COMPLIANCE MONITORING REVIEW

5300 Angeles Vista Bl. Los Angeles, CA 90043 License Number 191800260 Rate Classification Level 12

The following report is based on a "point in time" monitoring visit. This compliance report is only intended to report on the findings noted during the April 11, 2011 monitoring review.

CONTRACTUAL COMPLIANCE

Based on our review of four children's files, three staff files and/or documentation from the provider, Junior Blind of America Group Home (GH) was in full compliance with seven of 10 sections of our Contract Compliance review: Facility and Environment; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; and Discharge Children. The following report details the results of our review.

LICENSURE/CONTRACT REQUIREMENTS

Based on our review of four children's files and/or documentation from the provider, Junior Blind of America Group Home fully complied with eight of nine elements reviewed in the area of Licensure/Contract Requirements.

We found that one Special Incident Report (SIR) was not appropriately documented and cross-reported timely.

The Junior Blind of America Group Home administrator stated the group home was in transition hiring a new administrator at the time of the incident. The school reported the non-verbal and severely developmentally delayed child had a black eye. The GH staff documented in the log the child had two seizures, but the staff did not initiate the SIR because the child's eye was only pink when she left the GH for school. The GH staff attended the SIR training conducted by the OHCMD and Probation Department in October 2011.

Recommendation:

Junior Blind of America Group Home management shall ensure:

The SIRs are appropriately documented and cross-reported timely.

MAINTENANCE OF REQUIRED DOCUMENTATION AND SERVICE DELIVERY

Based on our review of four children's files and/or documentation from the provider, Junior Blind of America Group Home fully complied with 10 of 13 elements reviewed in the area of Maintenance of Required Documentation and Service Delivery

The initial and updated NSPs were not comprehensive. Some initial and updated NSPs did not address the feasibility of the children returning home. Some NSP did not report on the child's education progress, did not report on the group homes contact with the CSW, and some NSPs were not on the correct NSP template noted as Exhibit A-Va of the current contract. In addition, the Life Skills, Emancipation, and Education Sections were incomplete, some children's goals were not specific or realistic, and the treatment services were not listed. Further, some NSPs did not address the Group Home's participation in school related-activities and the child's concurrent case plan.

The Junior Blind of America Group Home Administrator stated the GH was in transition, hiring new social workers and administrators. The NSP deficiencies were the result of the previous administrator not fully training new social workers. The GH social workers and administrator attended the January 2012 NSP training.

Recommendations:

Junior Blind of America Group Home management shall ensure:

- 2. The GH treatment team developed comprehensive initial and updated NSPs.
- The DCFS CSW is contacted by the group home and that contacts are appropriately documented.
- 4. All the required elements in accordance with the NSP template are addressed.

PERSONNEL RECORDS

Based on our review of three staff's files and/or documentation from the provider, Junior Blind of America Group Home fully complied with 13 of 14 elements reviewed in the area of Personnel Records.

We noted that two employees did not receive updated CPR training.

The Junior Blind of America Group Home Administrator stated the CPR training for one employee expired. The employee was an on-call staff that missed the scheduled CPR training date. In addition, the GH was misinformed that one employee's Water Safety Rescue training that does not have expiration date did not include CPR training.

JUNIOR BLIND OF AMERICA GROUP HOME PAGE 3

Recommendation:

Junior Blind of America Group Home management shall ensure:

The employees receive CPR training.

PRIOR YEAR FOLLOW-UP FROM DCFS GROUP HOME'S CONTRACT COMPLIANCE MONITORING REVIEW

Objective

Determine the status of the recommendations reported in the Group Home's last monitoring review.

Verification

We verified whether the outstanding recommendations from our last Group Home's Contract Compliance Monitoring Report dated February 16, 2010, were implemented.

Results

The Group Home's prior monitoring report contained five outstanding recommendations. Specifically, Junior Blind of America Group Home was to ensure that DCFS CSWs authorized the implementation of the NSPs, the children participated in the development of the NSPs, the DCFS CSWs monthly contacts were documented, the NSPs were comprehensive, and the children were aware of their right to refuse psychotropic medication. Based on our follow-up of these recommendations, Junior Blind of America Group Home fully implemented three of the recommendations.

Recommendation:

Junior Blind of America Group Home management shall ensure:

6. Full implementation of the two outstanding recommendations from the previous report, dated February 16, 2010 which are noted in this report as Recommendations 2 and 4.

1) The initial NSP were not comprehensive.

The following plan will be implemented:

Junior Blind will ensure that an initial NSP will be completed for all residents in a timely manner. The Social Worker, resident and Treatment team will work together to ensure that these goals are appropriate and attainable.

- Junior Blind Social Worker will ensure that the NSP reflects the case goals and methods to achieve the case goals for each resident. The NSP will be reviewed by the Director Residential Services quarterly to ensure compliance.
- Junior Blind will ensure that each NSP reflects the person responsible for achieving the case goals. This will include the direct care staff, Supervisor, Social Worker and Administrator of the program. The Director of Residential Services will review the NSP quarterly to ensure compliance.
- 2) The 90 Day NSP was not comprehensive.

The following plan will be implemented:

- Junior Blind will ensure that all NSP case goals are realistic and attainable. The goals will be agreed upon by the resident, Social Worker and Treatment Team. The goals will be tracked daily and reviewed monthly by the Social Worker. The Director of Residential Services will review each NSP quarterly to ensure all requirements are met.
- Junior Blind will ensure that all NSP case goals include a plan and method to achieving the goal. The goals will be tracked daily and reviewed by Social Worker with progress documented on the NSP monthly. The Director of Residential Services will review each NSP quarterly to ensure all requirements are met.
- Junior Blind will ensure that all NSP case goals identify the person responsible for achieving the case goal. Direct care staff will work with each resident to ensure goals are achieved. Progress will be tracked daily and reviewed by Social Worker with progress documented on the NSP monthly. The Director of Residential Services will review each NSP quarterly to ensure all requirements are met.
- Junior Blind will ensure that each resident's NSP explains whether or not the family is to be involved with the child and to what extent. The Social Worker will document this information in the NSP and update it as necessary to reflect any changes. The Director of Residential Services will review the NSP quarterly to ensure family involvement is accurately reflected in the NSP.
- Junior Blind will ensure that all treatment services provided by Junior Blind are accurately reflected in the NSP. The Social Worker will update the NSP with treatment service changes as appropriate. The Director of Residential Services will review the NSP quarterly to ensure compliance.
- 3) DCFS CSWs contacted monthly by the GH and are the contacts appropriately documented.
- Junior Blind will ensure that all residents' NSP documents all contact with the CSW. The Social Worker will update the NSP each time the group home contacts the CSW.
